

# Salesian Missionary Intention

October 2015

## FOR SALESIANS IN SOUTH ASIA WORKING IN EDUCATIONAL AND SOCIAL APOSTOLATES

*That as educators and pastors Salesians bear witness to the primacy of God and proclaim the Gospel to young people who attend our educational and social works*

*While Salesians are known for the great educational and social work done efficiently, we are less known as spiritual men, who live only for God and his glory. Even in non-Christian contexts where a direct proclamation is not possible, our educational and social works are an eloquent testimony to the primacy of God and the Gospel in our lives and in our apostolate. Let us pray that Salesians give importance to the initial proclamation of the Gospel through the educational and social apostolate.*
